---

- 1. How many patients classified as overseas visitors, migrants and former UK residents who were charged for NHS healthcare treatment by the Trust and took issue with the decisions made, either formally or in correspondence initiated court proceedings?**

Due to the nature of the services we provide, the volume of overseas visitors we treat who are not eligible for free treatment is extremely low, and some of the Trust's services are exempt from charging. We do not currently routinely charge patients classified as overseas visitors, migrants or former UK residents for NHS healthcare treatment.

Zero

- 3. How much has the Trust paid to patients classified as overseas visitors, migrants and former UK residents who were charged for NHS healthcare treatment pursuant to a court order.**

Zero

- 4. Please provide any information the Trust holds on the conditions the patients referred to in response to question 1 were treated for (this may be provided as categories of healthcare, such as ENT and nephrology), or alternatively the treatments that were subject to the imposed charges (these may be grouped into over-arching categories for data protection reasons).**
