

FOI_0857_2022-23 – FOI Request Concerning – Jubilee House

- 1. What proposals are in mind regarding the sale of this facility and to whom? The reason of interest is because this is a listed building and in the one and only conservation area of Portsmouth City, so whoever has an interest in purchasing this property should be made aware of this fact.**

Whilst I haven't had sight of any business case by Dr Trebble, I can confirm that at this point in time Jubilee House has not been declared surplus to requirements by Solent NHS Trust, which is a necessary step before the property can be offered for sale.

Any potential sale of the property would be through our normal process and as such any potential purchaser would be made aware of any matters that affect the ongoing use of the property.
