FOI_0957_2022-23 – FOI Request Concerning – EPR Systems

I would like to request the following information within your Trust:

Please can you provide, by each hospital within your Trust, which EPR system provider is used across the hospital?

> TPP SystmOne – Community & Mental Health
> R4 - Dental
> INFORM – Sexual Health .
> IAPTuS - talking change

Which patient management system provider is used to track patient records, progress notes and outcome measures, for the Adult IAPT service?

IAPT is our Talking Change Service and system is IAPTuS

Which patient management system provider is used to track patient records, progress notes and outcome measures, for the Children and Young people's (CYP) IAPT service?

We don't provide an IAPT service for children
