

FOI_1231_2023-24 – FOI Request Concerning – Inpatient Mental Health Beds

Data is only available for 2019/20 onwards in our current data warehouse. Previous data would require a manual counting exercise which would exceed the time limit for an FOI response

1. The number of inpatient mental health beds closed by your NHS trust, for each financial year since 2012-13

a) Please break down by type of bed closed (i.e. adult acute inpatient, older adult, CYP, etc)

We are unable to report on this as the data is not routinely captured in our data warehouse so we cannot ensure the accuracy of the figures. This would require manual checking and validation across 10 years of daily data for multiple wards.

2. The total number of inpatient mental health beds at your NHS trust, for each financial year since 2012-13

a) 2019-20
62

b) 2020-21
52

c) 2021-22
58

d) 2022-23
61

3. The average number of available mental health beds at your NHS trust, for each financial year since 2012-13

a) 2019-20
22630 (Total available bed days)

b) 2020-21
22172

c) 2021-22
22234

d) 2022-23
21469

4. The average number of occupied mental health beds at your NHS trust, for each financial year since 2012-13

a) 2019-20

19934 (Total occupied be days excluding leave)

b) 2020-21

14677

c) 2021-22

14621

d) 2022-23

14710

5. The total number of times your NHS trust has had no inpatient mental health beds available / bed occupancy has been at 100%, since 2012-13 (please break down occasions by year and type of bed if possible)

We are unable to report on this as the data is not routinely captured in our data warehouse so we cannot ensure the accuracy of the figures. This would require manual checking and validation across 10 years of daily data for multiple wards.

6. Please repeat questions 1, 2, 3 and 4 for learning disability beds, if applicable
