

## **FOI\_1593\_2023-24 – FOI Request concerning Daily Calls Made to the Urgent Mental Health Helpline**

---

- 1. I would like to know the number of daily calls made to the NHS urgent mental health helpline at your Trust since the helpline was established in May 2020.**  
Solent NHS Trust do not provide an “urgent helpline” in Adult Mental Health. We have a crisis service (which is not an emergency service) and we have a non-urgent mental health line (the Hub) but these are in conjunction with 111.
