

FOI_1415_2023-24 – FOI Request In-patient fee rates for Mental Health

I am currently researching the cost of care for conditions relating to Mental Health (MH) conditions and Neuropsychiatry (NP) disorders in an inpatient setting. The areas I am interested in are mental health patients in a rehab and recovery unit, and patients occupying a bed for specialist neuropsychiatry disorders. I have attached an Excel document that details the information I am looking to obtain and explains the care type and funding condition for which I want to gather the information.

Please be advised that Solent NHS Trust do not have a Rehab and Recovery Unit and therefore unable to provide data for this. We do however have Neuropsychiatric Rehab Unit (Kite Unit) and have provided the attached data for this
